

# Student Internet

Each student at Bream Bay College is given an in school computer account and an internet account.

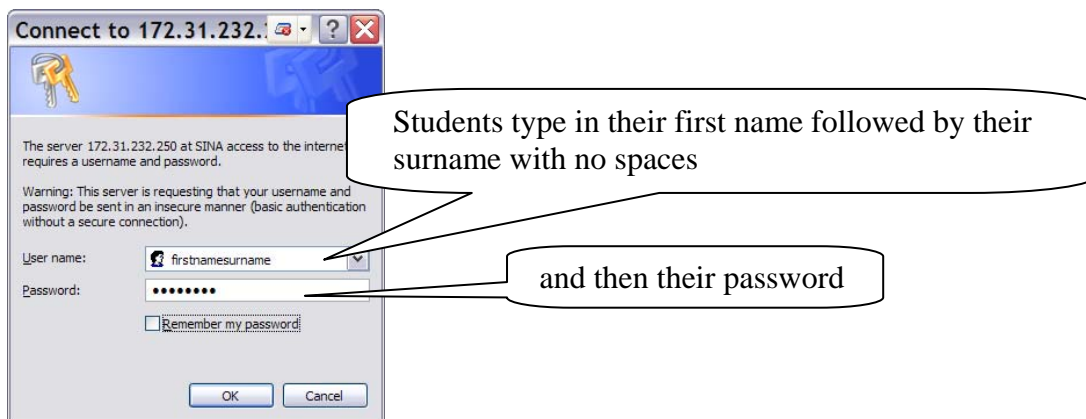

The in school computer account provides the student with access to preloaded software along with word, excel, powerpoint etc. This account is used for production of assignment work or learning about ICT.

The internet account can be accessed both from within the school or from any computer connected to the net anywhere in the world. Students get access to a myclasses, mydesktop, mymail and a myportfolio page.

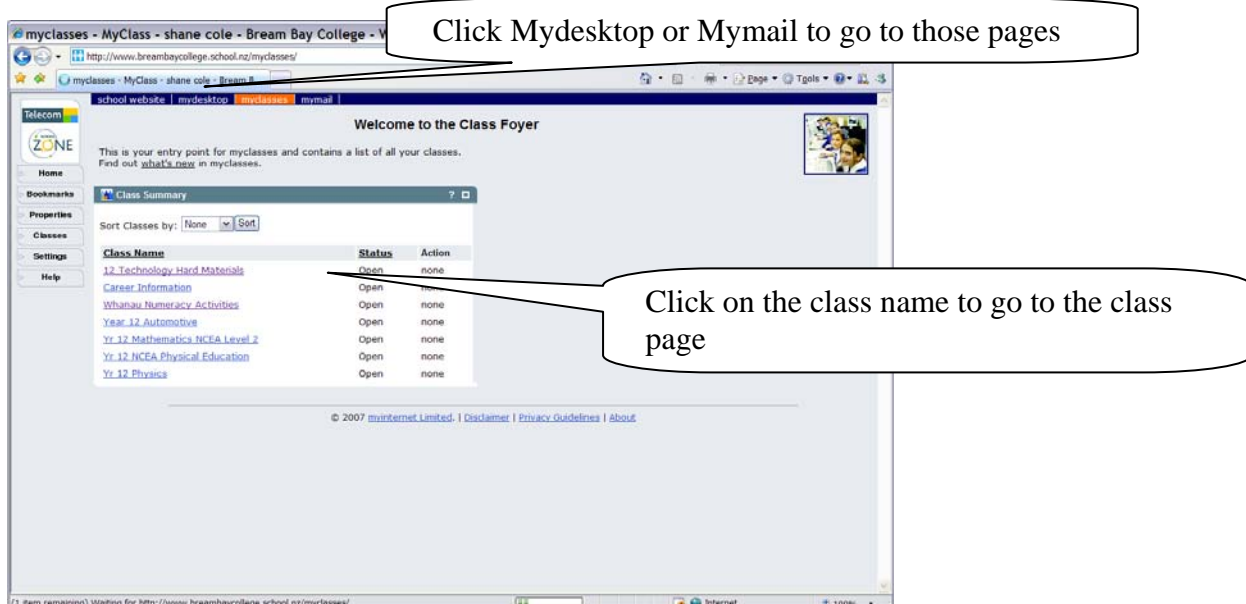

To access their Bream Bay College internet account the students must type in one of the following url's

- [www.breambaycollege.school.nz/myclasses](http://www.breambaycollege.school.nz/myclasses)
- [www.breambaycollege.school.nz/mydesktop](http://www.breambaycollege.school.nz/mydesktop)
- [www.breambaycollege.school.nz/mymail](http://www.breambaycollege.school.nz/mymail)

After entering one of the url's above and pressing enter the following popup will appear

For Myclasses the following screen appears
